THE LIST OF DEAD FROM TEXAS TORNADO REACHES TWO HUNDRED ---PROPERTY LOSS \$25,000,000

Houston, Texas, Sept. 17.—Figures compiled early today following interrupted wire communication with eight towns and cities along the storm swept Texas coast place the number of dead—killed in the tornado which swept the Texas shore Sunday at 525.

State and municipal authorities and relief workers say this number will be greatly increased as wire communication is re-established with numerous sparsely populated coast villages, which have been completely cut off from the outside world since Sunday.

Telephone and telegraphic communication with the storm region was restored temporarily during the night and from flashes received here the following list of dead was compiled:

Sinton, Texas, 75.
Portland, Texas, 56.
Corpus Christi, Texas, 47.
White Point, Texas, 29.
Rosita, Texas, 27.
Port Aransas, Texas, 6.
Aransas Pass, Texas, 4.
Rockport, Texas, 8.

A message reaching here during the night from Havana, Cuba, states that 30 persons lost their lives when the tidal wave struck that city.

Twenty men at the government rest camp for soldiers at Corpus Christi were among those killed, according to one report. These men were swept out in the bay when the tornado struck the camp. The soldiers were from units stationed at Brownsville, Texas. Captain E. M. Edgeland, who was in command of the rest camp is believed to have been lost with these men. His wife is reported also to have been drowned.

Late last night 47 bodies had been recovered at Corpus Christi.

COLLEGE FOOTBALL SCHEDULE ANNOUNCED

The general football prosperity that is enveloping the college sport, this season, is also affecting Muskingum College at New Concord in no small measure, and it is expected that the school will turn out one of the best teams of its career.

Coach Ray B. Michaels has returned after a period in the service of Uncle Sam and with him have come a number of players who were absent in the service last year. The team will face a heavy schedule this year, which is announced by Manager R. S. Graham as follows:

Oct. 4—Ohio University at Athens.
Oct. 11—Heidelberg at Tiffin.
Oct. 18—Geneva at New Concord.
Oct. 25—Marietta at Marietta.
Nov. 1—Wilmington at Wilmington.
Nov. 8—Bethany and New Concord.
Nov. 15—Otterbein at New Concord.

THE VATICAN CHOIR REACHES NEW YORK

New York, Sept. 17.—Sistine choir of the Vatican, possibly the oldest organization of its kind in the world arrived in New York yesterday and thus broke a precedent which had lasted for 1,600 years. The American tour of the choir will be the first time since its formation in the Fourth Century left the precincts of the Vatican.

The singers are 70 in number, drawn from the choir of the 15 chapels of the Vatican, and range in age from boys of 8 years to a venerable choir that the famous body of singers has ter who has reached the Psalmist's three-score and ten.

Arrival of the younger members caused a temporary difficulty with immigration authorities under the law which forbids children under 18 years old from landing in the United States unless accompanied by their parents or guardians. The boys were detained at the landing stage, until a special board of inquiry could be convened, when they were released after a brief hearing.

In the meantime the main body had been escorted in automobiles to City Hall, where they were received by Mayor Hylan and welcomed officially to New York. After the Mayor had made his welcome the choir responded with a chant sung from the steps of the city hall.

After a series of concerts here the choir will visit the principal cities of the United States and Canada.

METZ TO ERECT LAFAYETTE STATUE

New York, Sept. 17.—Citizens of Metz have accepted the offer of the Knights of Columbus to erect an equestrian statue of Lafayette on the site formerly occupied by the statue of William Hohenzollern. It is proposed that the statue for which the organization will raise a fund of \$50,000 among its members, be molded partly from bronze taken from German artillery captured in the war.

Marshal Foch has been asked to officiate at the unveiling, which has been set for Lafayette Day, September 6, 1920.

Hundreds of Knights of Columbus will leave in one or more especially chartered liners to attend the event.

KING AND QUEEN SAIL NEXT WEEK

London, Sept. 17.—King Albert of the Belgians, Queen Elizabeth and Prince Leopold will sail for America September 22, on the U. S. S. George Washington, escorted by three destroyers. They will return to Belgium late in October.

SEED WHEAT IS FAILING TO SPROUT

Reports indicate that much seed wheat is not germinating satisfactorily this season. Some samples of wheat are but 18 to 20 per cent viable. A general germination test is not recommended but it is felt that seed wheat should weigh at least 50 pounds or over per bushel and that light chaffy wheat should be avoided.

HOW THIEVES LOOTED BOSTON STORES EARLY IN STRIKE

One of few loyal police on guard before stores which have been looted by thieves.

When the police of Boston went on strike recently and left that city without protection from law-breakers, thieves ransacked stores and dwellings. This photo shows

how they left the stores. A few of the police remained loyal to their trust and did what they could to halt the looters. The city was placed under martial law when the

situation got beyond the volunteer police forces and the Harvard students who offered to help keep order. The disorder has precipitated a political row.

AMERICAN LEGION OPENS CAMPAIGN FOR MILLION MEMBERS

Establishment of posts in the American Legion, the national organization of American veterans of the world war, will be made on a wide scale through Ohio this month in response to a national call for the enrollment of 1,000,000 members in this organization before Oct. 1st.

Ultimately the Legion expects to enroll approximately 3,500,000 members in its ranks. It starts its present drive with a third of a million which it seeks already enrolled. More than 4,000,000 men and women scattered throughout the United States are eligible to this great organization, which promises to be the largest single factor in the promotion of American ideals and the perpetuation of the comradeship of service.

Ohio's quota in the drive has been set at 50,000, and, while Sept. 15th to 20th has been designated as special membership campaign week, the entire month of September is being given over to the drive in Ohio. Eight thousand ex-service men of Ohio have already joined the organization and posts are to be formed in every county and town.

Following the campaign, the first state convention of the American Legion will be held in Columbus, on Oct. 8th and 9th. At this time the state branch, which shows that it has most effectively popularized to American Legion in its territory will be announced.

Nov. 11th, the first anniversary of the signing of the armistice, will be the day of national observance by the American Legion, all of whose state delegates will gather in Minneapolis from Nov. 10th to 12th to effect a permanent organization and elect their first national officers. On this day with proper ceremony and in the presence of Marshal Foch of France and other distinguished guests, a championship banner will be awarded to the state which has enrolled the most members during the September drive in proportion to its total number of men who were in the service.

The post which holds the record in the state will have the honor of receiving the banner. State organizations and local posts throughout the country will observe this day as American Legion day in their own communities by meetings, parades and patriotic demonstrations.

WILBERFORCE HAS BIG ENROLLMENT

Attendance at Wilberforce University this term will be the largest in the history of the institution according to early indications.

Registration of pupils is taking place Monday, Tuesday and Wednesday and opening exercises for the term were held in Galloway Hall Tuesday morning. President W. S. Scarborough opened the exercises with an address and talks were made also by Superintendent W. A. Joiner of the Combined Normal and Industrial Department; Dean Gilbert Jones, Dr. T. H. Jackson and Dr. H. R. Hawkins of this city. Class work will be commenced Wednesday.

MOTHER JONES IS STILL ON THE JOB

Cleveland, O., Sept. 17.—"Mother" Jones came, and when she was through talking to "her boys"—the 2,000 delegates to the United Mine Workers convention—they had forgotten all about the bitterness of a two-day battle within the convention.

A vote immediately taken resulted in the 35 Illinois delegates from 25 suspended locals losing their fight for seats 1704 to 238.

"Mother" Jones, who hasn't missed a miners convention since memory holds sway, turned up unexpectedly as usual. Her appearance was the signal for a tremendous ovation. Though in her 89th years she told the convention she is actively working now to organize the steel workers.

"Never mind what any body says about the steel strike coming off next Monday," she declared. "The strike will not be postponed."

Today the miners were to affirm their loyalty to the American Federation of Labor. Several resolutions were introduced, demanding withdrawal from the parent labor body. Today the resolutions committee reported them adversely and the convention was expected to sustain them.

FLORIDA VISITORS HONORED AT PICNIC

Xenia and Greene county people who have been forming a Florida contingent each winter for several years, held a picnic at Kikare Park Tuesday evening, which was a sort of "hail and farewell" gathering in honor of Mr. and Mrs. Risdon Stephens and family, who are leaving Xenia to return home this morning, after a visit with relatives.

Those enjoying the occasion were: The honor guests, Mr. and Mrs. Risdon Stephens, Miss Lola Stephens, Kenneth Stephens and Miss Helen Mason, of Tampa; Mr. and Mrs. Orland Townsend, of Martinsville; Mr. and Mrs. L. M. Moon and Miss Vira Moon, of Wilmington; Mr. and Mrs. Thurman Earley and son Ahler; Mr. and Mrs. William Oglesbee, Mrs. Raymond Wolf and children, Katherine and William, Mr. and Mrs. H. H. Conklin, Mr. and Mrs. Cecil Conklin, Mr. and Mrs. Thurman Middleton, Mrs. Lewis Middleton, Mr. and Mrs. Ernest Beatty and daughter Elleen, and Mrs. Fannie McKee.

OPERA HOUSE BEING PUT IN SHAPE FOR THE COMING SEASON

Workmen are now renovating and readjusting the interior of the opera house.

According to the plans for the seating arrangements, prepared by the Standard Amusement Company, which will take over the house this coming season, a more comfortable and more metropolitan adjustment will be made and workmen are now reconstructing the seats.

The old railing which since the house was built has formed a boundary of the "dress circle" and the "parquet" has been torn away and the wide area way in the center of the best seats in the house, will be closed in by seats. The seats set in sideways on the side have been removed to make way for the boxes which will be installed on each side.

By taking out the railing, the Standard Amusement Company, is making steps to popularize the "parquet" hitherto and always the best seats in any house, but under a peculiar traditional ban here, because the "dress circle" seats always brought the highest prices.

Besides the readjustment in the seating arrangements, the interior of the opera house will be redecorated and improved and when opened for the season in October, local theatergoers will not recognize the place. While no bookings have been made, a lively musical comedy, will probably start off the local season.

CINCINNATI HAILS FIRST CHAMPION

Cincinnati, Sept. 17.—They're over. Those noble and persistent Reds have attained the end for which they have been struggling and today they are hailed as the first champions of the National League in the Queen City of the West. When Hank Scriber tossed out Lew McCarty at first base at seven minutes or five o'clock yesterday afternoon the flag had been earned by Pat Moran's fine team and it cannot now be taken away from them.

For the brief remainder of the championship season the Reds can win or lose or draw. They will play out their seven games according to schedule, but there will be no wild anxiety about the result of any contest until they meet the slugging White Sox of the American League for the world's honor just two weeks from today.

For the first time since 1882, the Cincinnati fans take pride and joy in a championship baseball club.

THE PRESIDENT ENTERS THE HOME CAMP OF SENATOR HIRAM JOHNSON

San Francisco, Sept. 17.—President Wilson came to San Francisco today prepared to carry his fight for ratification of the treaty of Versailles as it stands, directly into the home camp of Senator Hiram Johnson. The latter is on the trail of the president. Consequently peculiar interest is attached to the visit of the president who is to stay here two days, the longest period of time he has devoted to any one city on the present trip.

During his stay here the president is expected to declare war, even more emphatically than he already has, on the advocates of complete rejection of the treaty who are led by Senator Johnson and Senator Borah.

He also is sure to carry out still further his campaign to secure support for the treaty from the mild reservationists in the senate.

A great deal depends on the president's attitude here and on the reception that is accorded him. For that reason peculiar interest was felt in the visit.

Incidentally this was the first visit that the president has paid to San Francisco since his election. Several times he has been scheduled to come but always something intervened.

The president's special arrived at Oakland early this morning, after a two night's and a day's ride across Oregon and northern California. The trip has been very comfortable and the president was completely rested as a result. He was declared by members of his party to be ready for a supreme effort here.

BACKBONE OF BOSTON STRIKE IS BELIEVED TO BE BROKEN

Boston, Sept. 17.—A loop hole through which most of the striking policemen can be taken back on the force was seen in police circles today in a general order issued without comment by Police Commissioner Edwin U. Curtis. The commissioner amended the rules so that in addition to other punishments for those found guilty of breaking the rules, a suspension for 30 days or a fine may now be meted out.

The rule originally read: "Any member of the police force who has been convicted after a hearing on charges, may be punished by discharge, suspension for a period not exceeding 30 days, fine, reprimand in general orders, reduction in rank or imposition of punishment duty."

Former Police Commissioner O'Meara eliminated the suspension for 30 days and the fine, stating that he felt it meant a punishment for a policeman's family as well as for the policeman. Commissioner Curtis puts the words back in the rules.

Despite the fact that many prominent citizens and organizations have put themselves on record against permitting any of the police strikers to

return to their former jobs, it is the general belief in police circles that the officials are anxious to use some of the former members of the department as the nucleus for the new police force. Amending the rules was seen as a step in line with a movement to give some of the strikers an opportunity to resign from the union, return to their jobs, stand trial for absence without leave and receive fines or suspensions as punishments. The 19 policemen who were tried, suspended and later discharged are permanently out of the department, but the commissioner has taken no action against the remainder of the striking force.

A number of patrolmen who have been on vacations returned to their places today. They made their affidavit that they were traveling and did not receive the instructions to return to duty.

Although it is believed that the backbone of the movement of a general strike was broken by the refusal of the city's firemen to quit their posts voting on the proposition for a general walkout continued in many unions today.

WEDDED FOUR MONTHS XENIA YOUNG FOLKS JUST ANNOUNCE FACT

Although they were married in Newport, Ky., May 18, Miss Bernice Smith, daughter of Mr. and Mrs. E. M. Smith, of West Market street, and Edmund Grieve, son of Mr. and Mrs. A. C. Grieve, of the New Jasper pike, succeeded in keeping their marriage secret until today, when they decided to announce the fact to their friends.

Parents and near relatives of the young couple were told of their marriage several weeks ago, but they assisted the bride and groom in keeping the secret until they were ready to make the announcement publicly.

What their families supposed was a little pleasure trip for the day to Cincinnati, was instead a visit to Kentucky's Gretna Green, where they were married by the Rev. J. P. Herling, a Methodist minister.

Mr. Grieve has been employed in this city by the Springfield Dairy Products Company, but will take his bride to the Grieve farm on the New Jasper pike, where he will be associated in farming with his father and brothers.

Mrs. Grieve is saleswoman in the bakery of her brother, Leon Smith, on West Main street, and she will continue her employment for a short time, to permit her place to be filled. She is a favorite girl among Xenia young people, to whom announcement of her marriage four months ago, comes as a complete surprise.

BROTHERS UNITED AFTER HALF CENTURY

After a separation of more than half a century, during which each believed the other dead, John A. White, 70, of South Chestnut street this city, and George White, 76, of Seattle, brothers were reunited last week in this city.

Both brothers had believed each other dead for several years and had not communicated with each other.

After the Civil War was over, George White went to Dakota where he lived for 20 years and then moved to Seattle, Wash., where he has since made his home. John A. White of this city came to South Lebanon, Warren county, after the Civil War, where he lived for ten years. He then moved to this city and has since made his home here.

On the chance that his brother in this city was living, George White wrote to him telling him of his intention of coming to the G. A. R. convention in Columbus. John A. White of this city was completely surprised

STREET CARS ON BARGAIN COUNTER

Columbus, Sept. 17.—The United States Government has advised the Public Utilities Commission that any traction line desiring street cars may find a bargain. It has 100 of them which can be bought for \$11,000 a car, thereby insuring a saving of \$455,000. The cars are sold for 15 per cent less than they cost, although the present reproduction cost would be 25 per cent more than the cost at the time they were built.

The brothers attended the convention in Columbus together and then visited John White's son W. E. White, in Dayton. Another brother, Charles of Youngstown, cannot be located.

JOINS RANKS OF BRITISH VISITORS

Lady Hamilton, canopy bearer to Queen Mary of Great Britain and one of the society leaders in London, will come to the United States this fall, it is said. She is expected to arrive about the time the Prince of Wales pays his visit to the U. S.

Charley Ebbets.

This has been a tough year for Charley Ebbets, owner of the Brooklyn National league club. With the pitching staff he had and the other stars his team included, Charley had hopes of at least being in the pennant fight up to his neck. He got it in the neck. The Dodgers will be lucky to finish in the first division. Now his wife has sued him for divorce. The Ebbets have been married forty-five years and have four children.

him Mr. Kemp had called to inquire after me.

"You saw him?"

"Of course!"

"It wasn't at all necessary. You could have sent him word by Hetty. I prefer you should not receive men callers," he spoke very coldly.

"I certainly shall not refuse to receive people when I am at home. If you do treat me like a child I don't wish everyone to know it, and so have something to talk about."

"I do not understand you," still severely.

"They would say you didn't—trust me." I often found myself puzzled as to what reply to make to Everett.

"What people think is no concern of yours."

"But it is, Everett! You do not understand. It makes me feel so inferior." I had hesitated for a word. Then without waiting for a reply, I said "good night" and left the room.

As I climbed the stairs my eyes filled with tears I had tried to do as I thought Leola would do, and instead of acting as if he loved me, as he had her, he was cold and distant.

"I hate her!" I said vehemently. "I hate to be a second wife. If I had known I wouldn't—yes I would too, because I do love you, Everett, and you don't love me. But I'll make you! Just like Leola did! I'll let you see I can be indiscreet, that I am not afraid of you, and that I can enjoy myself. Then you will be afraid you will lose me, just as you feared to lose her, and we will be happy."

I see now how more than childish I was. Then I only thought of rivaling Leola in his affections, and to do so I must do as she had done—make him afraid he might lose me.

I was too young, too immature, to

take into account the fact that having seen his mistake with her, he was not apt to repeat it with me.

Above we water them with tears,
In reverence bow.

Oh, hero dead, in Flanders field,
We love you still,
The sunset glow
Brings memories of your childhood days,
Ours the love that ne'er shall yield,
We loved you so.

We did not break the faith
Oh, hero dead,
The torch that fell
From dying hands we raised,
Then sleep, beloved, contented sleep
Through endless days!

Mabel McKinley—Niece of the Late President of the United States—Takes Nuxated Iron for Health and Strength And Says She Regards It as The Ideal Tonic For All Weak, Run-Down Nervous Women

Dr. George H. Baker, Formerly Physician and Surgeon Monmouth Memorial Hospital of New Jersey, Explains Why Iron Is One of the GREATEST OF ALL STRENGTH BUILDERS

Says: He has found nothing in his experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron.

Every woman who wishes to possess health, strength and beauty, should carefully read the statement of Miss McKinley, who, after her personal use of Nuxated Iron tells of the results she obtained.

Miss McKinley says: "While I had often heard of Nuxated Iron I must admit that prior to using it myself I had no idea of its remarkable value for building up the health and strength."

"It seemed utterly impossible for me to drop everything and go away for a complete rest, but I realized that as my condition was serious I must either do this or find something that would actually rebuild my waning strength and enable me to continue my activities."

"I had always been prejudiced against tonic preparations which, for the most part, I found only acted as a temporary stimulant and usually left one worse off than ever. However, when my own family physician insistently recommended that I give a fair trial to Nuxated Iron, I consented to begin its use, with a result that after a few days the weakness and exhaustion from which I suffered began to be replaced by a feeling of renewed strength and vitality. In less than three weeks' time my whole system was tingling with energy and power and I was overjoyed to find that I was once more in superb physical condition."

"Nuxated Iron has accomplished so much for me that I regard it as the ideal tonic for all weak, run-down women. As a strength, health and blood-builder, I am convinced Nuxated Iron has no equal."

Miss McKinley has a voice of unusual quality and it was following her work singing for the soldiers that she became weakened and run-down and had recourse to Nuxated Iron. Once more in superb physical condition, Miss McKinley says she is convinced that Nuxated Iron has no equal as a Strength, Health and Blood-Builder.

Physician and Medical Author, says: "It is my opinion that in practically nine times out of ten, untrusting nerves and failing strength and vitality are due to deficiency of iron in the blood. Many a woman who is run-down, nervous, and who quickly tires out, suffers from iron deficiency and does not know it. I am convinced that there are thousands of such women who, simply by taking Nuxated Iron, might readily build up their red-blooded corpuscles, increase their physical energy and get themselves back to vibrant and vigorous health. By enriching the blood and increasing its oxygen carrying power, Nuxated Iron will often transform the flabby flesh, toneless tissues, and pallid cheeks of nervous, run-down women into a glow of health, and make them look younger within a surprisingly short time."

Among other physicians asked for an opinion was Dr. George H. Baker, formerly Physician and Surgeon Monmouth Memorial Hospital, New Jersey, who says: "What women need to put roses in their cheeks and the springtime of life into their step is not cosmetics or stimulating drugs but plenty of rich, pure blood. Without it no woman can do credit to herself or to her work. Iron is one of the greatest of all strength and blood builders, and I have found nothing in my experience so effective for helping to make strong, healthy, red-blooded women as Nuxated Iron."

Manufactured by Nuxated Iron which has been shown to physicians as well as a "red" quality which is well known to all. Unlike other iron pills, it is easily assimilated, does not cause constipation, and is the only iron pill which results in every purchase of one will receive a money order in the city by a good drug store.

THE HORRIFIC AIRPLANE.

A Kansas aviator has been fined \$25 and costs for "disturbing the peace." The offense consisted in flying an airplane within ten feet of the farmhouse roof, to the terror and dismay of the farmer, his family and the livestock.

It will not do to pronounce this, off-hand, an unrighteous judgment, or to subject the farmer to scorn and abuse. It may readily be imagined that, to a family unaccustomed to having airplanes cavorting around, the spectacle of a big machine swooping toward the roof is a trifle disconcerting. An airplane driven by a 400-horsepower engine is not exactly a swallow. At the least, it may knock off a chimney. It may conceivably dive through the roof of the house or barn. And even if nothing suffers harm except the plane and its occupants, nobody wants aviators, batteries, wrenches, etc., tumbling all over the place.

But there is the aviator's side of it, too. It is easy to imagine if this decision stands, what flyers are going to be up against in the future. What height will be considered safe and proper? And will a flyer be arrested and fined whenever by design or accident he drops below that level? Will the aviators all be driven, in self-defense, to keep above the clouds, and then be in peril of arrest by every village constable, like speeding automobilists, when they venture down to see where they are?

ONE KIND OF KING.

Victor Emanuel, king of Italy, does not intend to enjoy his royal possessions while his people starve. Lately he handed over six of his most beautiful villas and parks for the permanent use of disabled soldiers, sailors and orphans of men killed in battle. Now he has formally announced his intention of giving up all of his great land holding for the benefit of the peasantry. The buildings upon these lands are to be turned over to charitable organizations. The king's private patrimony he will submit for taxation like any citizen.

If there must be kings, it has long been evident that the Italian king was the proper kind, and in his latest gifts there is additional evidence that there may be good kings as well as bad ones.

Who, by the way, has heard of any Hohenzollern doing anything like this?

EDEN.

Says Secretary of the Interior, Lane: "I know a little town where every worker has a home with half an acre to an acre of ground around it. Each has his own garden. Each of them has a pig or two, and most of them a cow. Each has a flock of chickens."

The Eden story, then, is not a myth. It is a reality. If Paradise was ever lost through sin, here it is restored.

Think of everybody having, in addition to a job paying real money, a garden, a pig, a cow and a flock of chickens! What more could heart desire, in these grim times? Surely it is the Age of Iron turned to the Age of Gold again.

It is hardly fair of Secretary Lane to keep the secret to himself. Where is this industrial Eden, anyway?

WANT NEW MEMBER OF NATIONAL CABINET

Cincinnati, Sept. 17.—Resolutions were passed asking Congress to establish a National Board of Health, with a Secretary of Health as a member of the Cabinet, by the American Association of Obstetricians and Gynecologists at its thirty-second annual convention at the Hotel Gibson yesterday afternoon.

This action was taken after a review of health conditions throughout the United States. Members declared health departments in several cities are not justifying confidence placed in them.

Rear Admiral A. P. Niblack.

AMERICAN LEGION MEETING IS CALLED FOR THURSDAY NIGHT

The new charter for the Post of the American Legion which is being organized here has arrived and is in possession of Dr. H. C. Messenger who mailed the application for a charter for the local post.

The charter assigns No. 95 to this Post and leaves the name to be filled in later. It is signed by fifteen local soldiers, this being the number required to make application.

With the charter and other information necessary to starting a post on hand, a meeting has been called for Thursday evening at 7:30 o'clock in the Assembly Room of the court house, at which time an organization will be effected. Officers will be elected at this meeting and new members accepted into the organization.

There will be two conventions this fall at which the Xenia Post should be represented, the first being a state convention at Columbus and the second a national convention at Minneapolis. At the meeting Thursday night the matter of a proper bonus will be discussed and for this reason it is hoped that all the soldiers in this district will be present to enter in the discussion of this matter. When the matter of the size of

the bonus is decided upon and the delegates appointed to the convention the delegates are then instructed how to vote when the matter of a bonus comes before the conventions.

For this reason it is hoped that there will be a good attendance at the meeting in the Court House Thursday night.

WHICH ROAD?

Which road? This is the question every community is facing today. In our community there are only two kinds of people. And they travel on just two roads. There are "home town patriots" and the "Out-of-Town patrons." There is the "Trade at Home" road and the "Buy out of Town" road. Which class are you in? What road are you taking? It should be easy to decide. Every time we fail to patronize home interests we are boosting an outsider. Every time we take the "Buy out of town" route we are boycotting our home town. Which road? The only answer for us is the road to the right.

LEVALLEY FAMILY ANCESTRY TRACED

There were 96 people present at the Levalley family reunion which was held at the fair grounds Sunday.

The immense crowd was served dinner in the dining hall at the grounds and those present from a distance were: Mrs. Laura Green-tree, of Alabama, Phillip R. Levalley, of Marysville, Oklahoma, Mr. and Mrs. Joseph Wilson, of Sabina, Mr. and Mrs. Melvin Levalley, of Dunkirk, Ind., Wm. L. Carnes, of Detroit, Mich., Mr. and Mrs. Isaac Swadener, Mr. and Mrs. John Swadener, Mrs. Phoebe Gray, Mr. and Mrs. Fred Gray and family, Roscoe Gray, James Levalley, Mr. and Mrs. Ralph Levalley and daughter, Mrs. Myrtle Trubee, Mr. and Mrs. Carl Duncan and son Donald, and Mr. and Mrs. Frank Purdue, all of Dayton, Mr. and Mrs. Roy Bell and son Frederick, of Utica, O., W. D. Paxson, of Cincinnati, Mr. and Mrs. C. A. Confer and daughter Gladys, Mr. and Mrs. L. C. Fogle, of Yellow Springs, and W. A. Paxson, of Jamestown.

W. A. Paxson read a genealogical sketch of the Levalley family that is of exceeding interest, and was taken from General Lafayette's Memoirs. John G. Levalley, a relative of Duke Montmorency Levalley was one of the twelve young officers acting as

Aide de Campes on the staff of Lafayette, who embarked with him at Passago on April 26, 1777, and who arrived with him at Georgetown, S. Carolina, on June 14, 1777. With Lafayette the young officer was accepted for military service in the United States by Act of Congress, July 31, 1777, and served upon the staff of Gen. Lafayette during his various campaigns in the United States and especially in Virginia.

Young Levalley declared his intention of becoming a citizen of the United States at Philadelphia, Pa., and in recognition of his services in behalf of the United States he was given a warrant for 320 acres of land to be assigned somewhere among the unappropriated lands.

He located first in Rockbridge Co., Va., where he became acquainted with and married Miss Elizabeth Smith. Previous to his marriage he made a surveying trip in company with his cousin, Louis Leveck, who had also come from France, and they found what was unappropriated land in Fayette county where they erected a house and cleared a good portion of the land before returning to Rockbridge Co. After the marriage, the young officer and his bride returned to the Ohio home, where 12 children were born to the union.

Some years later Levalley sold his claim in Ohio and moved his family to Knightsdown, Ind., at which place he and three children passed away, leaving his widow and nine children who lived to maturity. The children were named Jacob J., John J., William H., Louis F., Joseph, Cynthia, Phoebe, Lucinda and Louise. This true Christian mother lived to see all nine of the children married.

Jacob, the oldest of the family and the last to survive, married Mary Steen, of Jamestown, Cynthia married Joseph Ballard, of Lima, Ohio, Phoebe married Stephen Hatch, of Xenia, who moved to Illinois several years ago, William H., married Savilla Warners, who died, and he later married Rachel Noon, John J., married Clarissa Coffelt, and Louis F., married Sarah Harness, Joseph married Nancy Harness, Louise married John Paxson.

John Levalley, the original ancestor of this now large family, was a brick maker by trade and all of his sons were brick makers and moulded and burned the brick of many of the old family homesteads in Greene county and in various parts of Ohio that still stand today as monuments of their work.

This original ancestor was a true patriot as were ten of his great grandsons who enlisted in the late World's War and crossed to France the native land of their ancestors, aiding the French in achieving their liberty and freedom from Germany's yoke of oppression.

This is a remarkable coincidence, that the pioneer of this family in America should have come from France with Lafayette to help America in distress and that his great grandsons should return to France with Pershing to help their native country in like circumstances.

After the reading of the family origin the following officers were elected for 1920: S. B. Levalley, president, Mrs. William Blake, secretary, Mrs. A. C. Sanders, treasurer. The place of meeting in 1920 was fixed at the local fair grounds.

This well known resident of Greensburg, Pa., makes a statement here which a host of sufferers from flu after effects should promptly profit by. This is what he said a few days ago to Greensburg's Nerv-Worth druggist.

H. J. Weightman—I had a very severe attack of the "flu." It left me in a very nervous and weakened condition and I did not seem to be making any progress in regaining my nerve force and strength, until I took Nerv-Worth. Its use placed me on the way to recovery and I am gaining every day. I want to recommend it to others in the same condition.

ULTIMATE TREASURE OF ANY PEOPLE IS THE CHILDREN

Julia Lathrop, Chief of the Children's Bureau of the U. S. Government, says: "The ultimate treasure and resource of any people is its young life, the only surety of the continuance of the race." And in order to keep the American race from deteriorating we must raise our children to the maximum mentally and physically. The Child Welfare Movement is the first step in this direction.

The trunk arrived in Xenia on one of the evening trains, Monday and it is said that it had been forgotten and allowed to remain on the platform.

GREEDY THIEVES STEAL THE WHOLE STORE

Youngstown, O., Sept. 17.—Thieves early today looted Allen's jewelry and clothing store, within a stone's throw of the police station almost "cleaning out" the stock. An inventory is needed to establish the loss, which will amount to thousands of dollars.

HI SCHOOL NOTES

The girls of the Domestic Science classes, supervised by Miss Morton, are again serving lunches during the noon hour. Last year this was a very important and popular feature of the high school and it is thought that it will be even more so this year. Already an average of forty lunches are served every noon and when bad weather arrives this number will be increased by several more. Some excellent menus have been prepared and those partaking of them have declared that they were delicious. The menus for Friday and Monday are as follows:

FRIDAY.

Meat Pie05
Apple Sauce03
Sandwich02
Ice Tea03
Cake03

Total16

MONDAY.

Salmon Souffle05
Creamed Potatoes03

Lawrence Riddell, captain of the football team, president of the X association, and popular student, was re-elected president of the senior class by a unanimous vote. Walker Taylor was elected vice president. Henry Flynn secretary and Mary Katherine Dodds, treasurer. Miss Elwell, who for years has piloted the destinies of senior classes, was unanimously chosen Faculty Advisor.

The Faculty of Central High School numbers eight new members this year. The students have readily become acquainted with them and placed their mark of approval upon them. Mr. Pendry, new Social Science instructor has made a hit with the boys by his active interest in athletics and he has been chosen manager of the football team.

Mr. Barr of the Mathematics Department also stands well in the estimation of the boys and he is coaching the second team in football.

Mr. Hiers while not taking an active part in athletics has gained the good will and respect of all who know him, especially the students taking chemistry or physics. Mr. Turnbull needed no introduction to the majority of the pupils for he was one of the best liked members of the faculty before his entrance into the service and since his return he has fitted into his old place.

Miss Junk, the assistant commercial teacher, is well liked by all her students and has shown that she is full of pep. No doubt she will take an active part in all activities.

Miss Fishburn, the new commercial teacher has proven herself a very efficient instructor in all commercial branches and is well thought of by the students.

Miss Fralich, of the English department has shown herself a very competent person for her position.

Miss Morton, head of the Domestic Science Department, has gained the admiration of the students in the quickest way namely through their stomachs.

Central High is indeed fortunate to secure such an able addition to their faculty and with the old members can truly be said to have a faculty which no school in the state, not even in the country can beat.

Cremona Violins.

Small splinters of the wood of old Cremona violins, when vibrated with a bow, have been found to give invariably the same note, and that note is always a tone higher when the wood is taken from the belly of the instrument than when it comes from the back.

Asserts New Discovery Brings Blessed Relief To Rose and Hay Fever Sufferers

Can Make It Yourself At Home At Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing hay fever into less than a mild cold, claims most emphatically that if taken in time hay fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through pharmacists to all hay fever sufferers who still have faith that nature has provided an effective remedy for this common yet miserable disease.

And best of all this remedy costs but

most nothing. Get a one ounce bottle of Mentholized Arzene at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily sniff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work; but oftentimes simple natural remedies are the best as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.
